OFFICIAL PARTNERS

CARS & COFFEE

Snellewagens.be started from a Facebook page that published sportscars spotted in the Kortrijk area, in 2015 Jonas Verbeke founded the website and started working on reviews, event reports and most importantly in 2016 he began organizing events. Using only his drive & enthusiasm he managed to convince local car dealers and other sponsors to support him. His vision of bringing those often spotted supercars together, turned into an amazing Cars & Coffee in Kortrijk with the help of his team. Pictures and videos from the event went viral.

The 2017 edition is going to be on a new location in an attempt to bring all the cars together around one location. “The Veemarkt” in Kortrijk is going to be the place to be for any (super)car enthusiast in Belgium.

THE EVENT

Kortrijk is a city close to the French border in West-Flanders, with a rich history reflected in historic buildings and monuments.

It has a large automotive culture, evolving around oldtimers and rally. The local car-enthusiasts immediately embraced the Cars & Coffee concept. Even the typical Belgian weather could not stop them from attending the first edition.

Cars & Coffee Kortrijk has distinguished itself by presenting a wide variety of sport cars from different eras. This mix of styles makes for an eclectic event. Making Kortrijk feel like Monaco for a day.
